Alex Brogle, Owner
South Face Design & Remodeling

Dear Alex,

I wanted to thank you for your fantastic work on our home last year in Lakeville. I have submitted the following review to Angies List and wanted to send along a soft copy to you as well:

"We had purchased the home in October, after a work relocation, and loved everything about it, except for the concrete slab in the basement. We decided to finish the basement immediately, and got a bid from Alex on a referral of a close friend. Alex provided us with some design ideas, and we settled on a 1500-square foot basement with 2 bedrooms, a bath and a great room. The estimate was thorough, simple to understand, and within our budget. Alex was patient and understanding in his demeanor on the phone, which was a huge plus for my wife and I, who had never truly done a large remodel such as this. We knew we wanted the basement to be completed, both for our own enjoyment, and for future resale value. Our budget was around \$40,000. Alex's bid was in the mid \$30K's, and upon completion came out to around \$36,000. We came home from vacation in January to the basement of our dreams! We will absolutely call Alex and South Face for any future design or remodel projects!"

Thanks again for the great work!

Sincerely,

A handwritten signature in black ink, appearing to read "Dave and Carrie D", with a large, stylized flourish at the end.

Dave and Carrie D
